# Kain fails to dampen Scout Spirit

xcitement filled the air as the first full day of activities began yesterday. The energy level was so high that you couldn't help but be consumed by the Jamboree spirit.

Everywhere in camp, one could hear the sounds of laughter and see the look of pride in faces as the patrols accomplished their goals. Camaraderie abounded.

Stephanie from 9th Waterloo had a great day at Fort Mississippi doing activities that included water rafting and leather crafts. She found rafting a challenge.

After a hot day of activities, Scouts enjoyed an afternoon swim. Scouts were extremely impressed by the lifeguards' skills managing the large number of swimmers.

Karsten, Shaman, Kyle, Alexander, and Alex of the 115th Toronto Scouts said the best event at Fort Mississippi was the water fight with the catapults. They are looking forward to completing their camp gate.

Rain overnight dampened sleeping bags, but not spirits. Scouts dodged occasional puddles as they walked to their activities for another day.

## **Telegraph on the "Internet"**

he Fort Tamaracouta Telegraph is the first newspaper in the West available on the Internet. Each day, the newspaper will be posted to allow family and friends to keep up with happenings at the Jamboree. Please visit us:

http://ScoutDocs.ca/CCJam/

When reached at his home on Cape Breton Island, N ova Scotia, telephone

inventor Alexander Graham Bell dismissed the Internet as a "passing fad and no competition for the telephone".

Press

Changes

he Telegraph's Gestetner printing press broke down so the paper is now published

each evening. Printing is being done by

Bureau en Gros in St. Jerome. Each subcamp will be given one copy per unit. Please share. Additional copies are A tip of the stetson to:

Good Turns

Kevin Ward of the Police Rovers for helping to emcee the opening

Scout Tyler Price for being a friend in time of need

When 1st Highland Creek's gear van broke down, **Murray Mather** of Port Hope, Ontario, who happened to be in the service station, drove their gear to camp.

If you need transportation following the Jamboree, please give the information to the OOS subcamp by Thursday. –Russ Looker

#### Nos excuse sincère

cause du'un conflict d'horaire, Anotre correspondant français était absent aujourd'hui. Les articles en français retournera demain.

even provinces and three countries have participants at CCJam. There are participants from British Columbia, Yukon, Nova Scotia, New Brunswick, Labrador, Québec, and all eight Ontario councils. We also welcome to our country our brother Scouts from the Czech Republic and the United States of America.

On site, there are 1800 Scouts and troop Scouters, 308 Venturers and advisers, and 253 Offers of Service for a total of 2361.

Our Offers of Service include representatives from England, the Netherlands, the United States, Alberta, New Brunswick, Ontario, and Québec.

# Shawns win Popcorn Contest

hawn Bennet of St. Catherines, Ontario and Shawn Attrux of Petawawa, Ontario are the first winners of the popcorn contest.

Scouters: Stop by the popcorn exhibit to have a free sample, find out how you can win with Scout Popcorn, have a coffee, and get a copy of the Ideal Year of Scouting.

#### Gooseberries "Hout"

ooseberries is "hout" today, but not with Radish. This evening, Gooseberries will be celebrating his 30th Wedding Anniversary with his wife, Barbara. As he left, he said, "I must be too young to be celebrating my 30th Anniversary!"

# **Blacksmith Visits CCJam**

t. Joseph's Brossan Scouts visited a blacksmith. They learned that iron is most easily worked at 2500°F. The hottest piece of

coal in the blacksmith's bench is called "clinck". Trivia Question: What is conducted

faster: Heat or Cold? Answer: Heat, because anyone can

catch a cold.
