

# Czech Dancers “Awesome”

## New Songs Appreciated at Scouts' Own

### Scouts light campfire with Scout Spirit

**D**ancers from the Czech Republic performed at the Jamboree last night following the Scouts' Own.

The dance program opened with traditional Czech country dances. Scouts from 1st Metcalf particularly appreciated the skill of the dancers in the circle dance, which represents the experiences of young men joining the military.

After a few country dances, the dancers took a break to change costumes while their Scouter entertained with Czech songs, including “Honky-Tonky Blues”.

Wearing modern costumes, the dancers returned for some aerobic dances. Chris, Ben, and Jordan of 57th St. Catharines liked the “Chocolaté” dance the best.

The dancers are from the 21odd skautu Dakota and 10odd skautek Severka from Dub nad Moravoy, Czech Republic. They dance to raise funds which they use to support a child in Ghana.

The dancers followed a Scouts' Own lead by Harry Niezen. Scouts Particularly enjoyed singing the jazzier version of “Kumbya” and “We are walking in the light of God” in English, French, and sign language.

The evening was wrapped up with fireworks and a campfire. The fireworks was in recognition of Canada Day and Independence Day in the United State, celebrated by our friends south of the 49th parallel.

The campfire took on an interesting twist as a Conestoga wagon floating on the lake was to be started on fire. To light the fire, a Scouter tried shooting a flaming arrow at the wagon, the arrow only made it part way before the flame

went out. Next, two cannons were fire - they missed the target also.

So what to do? A Scouter suggested that if all the Scouts, Venturers, and everyone else gather on the beach could light the fire by sharing their Scouting Spirit to create a spark, just maybe the fire would start. Sure enough, a magically spark travelled across the water and the Conestoga wagon started on fire and was quickly engulfed.

Scouts from 1st Woodburn Scouts, Hamilton said they fire and fireworks were good, but “they needed more room because not everyone could see”.

# Settlers on the Move

**A**fter a hearty breakfast of bacon and eggs, the settlers took the wagon train to their new fort for another day of adventure.

At Fort Calgary, the cowpokes enjoy such activities as bronco riding, barrel racing, and chuck wagon cooking.

The gold miners, at Fort Klondike, participated in hiking over Chilkoot Pass, panning, and tunneling for gold.

It was a busy time at Fort Dawson with sharp shooting, branding, fire starting, drum building, dog sledding, flapjack flipping and wall climbing.

On the hot days, Fort Mississippi is a the place to be. At the Fort the settlers participate in Red River rafting, lumberjack log rolling, feather crafting, water wars, and paddle making.

Shaun from 3rd Alymer Quebec was having so much fun he was losing his voice. He said, "it is amazing how someone can have this much fun."

His buddy Liam enjoyed the challenge presented by the storm on Monday night. His money is now a little soggy since his wallet was left out in the rain.

Justin from 1st Mansonville, Québec really enjoyed his canoeing experience. There is some question as to how exactly his canoe tipped. It might have had some help.

Trinda of 1st Mansonville, Québec enjoyed building the tunnel at Fort Klondike but carrying the bags up the hill was tough and not as much fun.
